Urgent/ Time Limit

Subject: **COMPLIANCE NOTICE – FACULTY NOMINATION FOR SIX MANDATORY CLINICAL WORKSHOPS FOR CAPACITY BUILDING (UNDERGRADUATE NURSING EDUCATION)**

Reference is made to earlier communication No. UHS/ME-KSK/25/059 dated 30-12-2025 regarding nomination of faculty members as instructors for the mandatory capacity-building workshops comprising six essential clinical training courses for nursing colleges affiliated with the University of Health Sciences (UHS), Lahore, across Punjab and AJK.

The University has reviewed the matter with utmost seriousness and reiterates that these workshops are mandatory components of the approved undergraduate nursing curriculum, duly notified by UHS through the curriculum framework, student handbook, and trainers' manuals, ensuring standardization, evidence-based practice, and competency-driven clinical training with hands-on skill development.

It is further emphasized that UHS has already successfully implemented this model in medical colleges. The University has trained more than 1,200 faculty members of affiliated medical colleges as certified instructors, who in turn have trained over 8,000 final-year MBBS students in these six mandatory clinical workshops. Completion of these workshops has been made a pre-requisite for appearing in the final professional examination, thereby ensuring that all graduating doctors possess essential life-saving clinical competencies.

In continuation of this proven and internationally aligned model, all nursing institutions are required to ensure timely nomination and training of faculty members to establish institutional capacity for delivery of these essential skills.

Training Courses and Duration

Sr.	Name of Training Course	Provider Course (Days)	Instructor Course (Days)	Total Duration (Days)
1.	Cardiac First Response (CFR)/ Basic Life Support (BLS)	02	02	04
2.	Immediate Care Cardiac (ICC)/ Advanced Life Support Cardiac (ALSC) (<i>Only UHS-certified CFR/BLS participants are eligible for ICC/ALSC</i>)	01	01	02
3.	Immediate Care Trauma (ICT)/ Advanced Life Support Trauma (ALST)	01	01	02
4.	Emergency Triage Assessment and Treatment (ETAT)	01	01	02
5.	Emergency Neonatal Care (ENC)/ Neonatal Resuscitation (NR)	01	01	02
6.	Emergency Obstetrics and Neonatal Care (EMONC)	01	01	02

The University shall conduct these workshops on a no-profit, no-loss basis. All institutions are required to register and submit fees online through the official portal: fms.uhs.edu.pk on or before 13th April 2026.

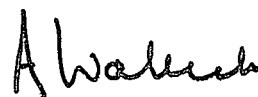

- Provider Course Fee: Rs. 9,000/-
- Instructor Course Fee: Rs. 12,000/-

Faculty members who successfully complete the provider course shall become eligible for enrollment in the instructor course.

Failure to comply with these directives shall be treated as wilful negligence of UHS regulations and shall attract disciplinary action under the relevant statutes of the University, including but not limited to:

- Students shall not be permitted to appear in University examinations
- Suspension of examination privileges of the institution
- Withholding of students' results
- Initiation of proceedings for suspension/withdrawal of affiliation with UHS

All Principals are hereby directed to ensure immediate and full compliance with this notification. No relaxation or extension in the stipulated deadline shall be granted under any circumstances. Responsibility for any adverse academic or administrative consequences shall rest solely with the defaulting institution.

Prof. Dr. Ahsan Waheed Rathore,
MBBS, DCH, MRCP(UK), MRCPCH(UK), FRCP(London),
Vice Chancellor,
University of Health Sciences, Lahore.
